# Mustafa Alramamneh

+49 178 8072150 · m.alramamneh@gmail.com Munich, Germany

### **Professional Summary**

Results-driven Project and Test Engineer with hands-on experience in defect management, software testing, and automation. Strong background in mechatronics, mobile and backend systems, and quality assurance with solid programming skills in Python and C++. Proven ability to analyze, streamline, and optimize technical processes across diverse engineering projects.

### **Professional Experience**

### **Project Engineer - Quality & Defect Management**

Allgeier Engineering GmbH, Munich, Germany

### Jul 2023 - Present

- Developed Python scripts for process automation using the Jira REST API
- Analyzed backend and mobile app defects to improve error handling workflows
- Tested and tracked release versions and verified bug fixes
- Created and presented Showstopper Reports to management, summarizing critical issues

# **Project Engineer - Test & Defect Management**

Allgeier Engineering GmbH, Munich, Germany

#### Feb 2022 - Jun 2023

- Conducted system verification in infotainment systems
- Performed defect analysis and identified improvement opportunities for navigation apps
- Authored test cases for vehicle and mobile applications

### **Working Student - Software Developer**

PINTeam GmbH, Garching, Germany

#### Jun 2021 – Jan 2022

Built GUI-based application to control and execute automated regression tests

### **Working Student - Robotics Programmer**

BEC GmbH, Pfullingen, Germany

### Mar 2020 - Oct 2020

- Developed and validated test programs on real robotic systems
- Supported commissioning and testing of mobile robots

#### Intern - Automotive Electronics

Robert Bosch GmbH, Reutlingen, Germany

# Mar 2016 - Aug 2016

- Presented sensor characterization results within team
- Executed advanced testing techniques on acceleration sensors

# Intern - Technical Support Engineer (Automotive)

Mercedes-Benz Service Centre, Amman, Jordan

# Sep 2014 - Oct 2014

• Diagnosed vehicle issues and performed mechanical/electrical maintenance

#### **Education**

### M.Eng. in Mechatronics and Cyber-Physical Systems

Deggendorf Institute of Technology, Cham, Germany

Mar 2019 - Feb 2022

# **B.Sc.** in Mechatronics Engineering

German Jordanian University, Amman, Jordan

Sep 2012 - Mar 2018

#### Skills

- Programming: C++, C, Python, Java
- Tools: Jira, Confluence, ALM-Octane, Git
- Languages: Arabic (Native), English (Fluent), German (Fluent)
- Other: Class B driver's license
